ONE CENT.

## ELECTION NITNIX!

## STILL SHORT!

Five Ballots Yesterday and the Fish Not Yet Landed!

WHEN WILL THE END COME!

DR. W. G. HUNTER.

Special to The Public Ledger.

FRANKFORT, March 31st.

The Kentucky Legislators today marched up the hill and marched down again.

At one stage of the proceedings there was a jawmatch Senator James and Representative Violett, and at another stage of the game Senator James and Sergeant-at-Arms Bob Tyler had a small scrap.

There were five ballots for Senator, as follows:

	1st.	2d.	3d.	4th.	5th.
Hunter.....	60	50	57	58	58
Blackburn.....	53	40	42	40	41
Dave.....	13	18	13	13	12
Boyle.....	7	7	7	7	7
Stone.....	1	1	1	1	1

While the "space-writers" for sensational newspapers are sending out all sorts of reports and conjectures, if one really wants to know what the outcome will be the only safe plan is to wait and see

Jeremiah Lewis died in Perry county at the age of 90.

Mrs. Charlton B. Clift of Cincinnati is slowly recovering from her recent serious illness.

The citizens of Maysville, Ky., are endeavoring to secure a daily mail route direct from Ripley by the way of Seaford.

The State Board of Equalization has received most of the Assessors' books, and is almost ready to make an estimate of the valuation of the property in Kentucky as fixed by the Assessors. From present indications there will be a decrease in the property reported last year, as compared with that of this year, of about 6 per cent. The falling off in valuation will be between \$40,000,000 and \$60,000,000 over that of last year.

Mrs. Judith L. Marshall, formerly a resident of this county, now of Chicago, while standing on the street talking to an acquaintance in that city a few days since, was struck by a cable car, thrown to the ground, and was slightly injured.

Mrs. Marshall is 71 years of age, and it was feared serious results would follow the accident. She has many relatives and friends in this county who will regret to hear of her misfortune.

**WANT HIM MOVED.**

A Former Maysville Man Who is "Offensively Partisan" at Cincinnati.

In Cincinnati a few days ago a petition, signed by thirty reputable citizens of Precinct 1 of the Fourth Ward, was filed with the Secretary of the Board of Elections, asking for the removal of Simon N. Newell, Registrar of that Precinct.

The petitioners state that Newell "continually discusses registration in and out of the polls, threatening voters with arrest, misrepresenting election laws for 'bluff' purposes and otherwise prostituting his office as Registrar."

They earnestly request his dismissal as an election officer.

The matter will be investigated by the Board of Elections at its next meeting.

**HE GOT THE COAT.**

And About Five Hours Later in the Day a Constable Got Him.

Yesterday morning a man and wife and two children arrived on the morning L. and N. train, bound for a visit to friends and relatives near Germantown.

The man had left his wife and children at the depot until he could go and get a horse and buggy.

His wife, after waiting some time in the depot, took the children out on the platform, leaving her baggage in the room.

Her husband's overcoat was lying on top of a valise, and a white man came along and thought he wanted that coat and took it.

When the man arrived with the buggy, he missed the coat, and immediately reported the loss to Constable Charles Dawson, who started out after the man and coat.

After a journey to Clark's Station he overhauled the thief and brought him back and lodged him in Jail.

He gave his name as Alfred Johnson, and upon being searched a pistol was found on him, and Mr. Johnson was more than likely spend some time with Jailer Johnson.

Don't fail to place your "ad" in THE LEDGER if you want the most for your money.

**NARROW ESCAPE.**

Mr. James W. Chambers of the Telephone Company Hurt Yesterday.

All the huge electric light poles had been erected without accident of any sort, and only two remained to be placed in position.

Yesterday shortly before 11 o'clock workmen were engaged in raising one of these at the Southeast corner of Second and Market.

When the top of the pole was about five feet above the sidewalk it took a sudden turn to the right, and James W. Chambers, who was standing near and who had had much experience in that sort of work, sprang forward to assist the man.

Unfortunately the heavy pole was beyond control, and in its fall it struck Mr. Chambers with full force on the forehead, cutting an ugly gash, throwing him to the pavement and falling upon him.

Beyond the cut in his forehead and a few inconsiderable bruises, however, he was not otherwise hurt, although it was almost a miracle that he was not killed.

Superintendent Gray expresses much sorrow for the unfortunate happening, more especially as Mr. Chambers voluntarily proffered his assistance in an emergency.

**Y. M. C. A. MATTERS.**

What the Local Association is Doing For the City's Young Men.

The scores last night stood—

BLUES..... 33

REDS..... 28

This is April 1st, and the "Blues" are warned to be on their guard.

Only fifteen more days, boys, and then the bash will fly, and the best part of it is the "Blues" will do the eating.

The "Blues" should turn out tonight to the Bibb's training class. The meeting to night will be an exceptionally interesting one.

There isn't a better thing under the sun than the Y. M. C. A. If it is a good thing, then push it along by a membership with the "Blues."

Wherever the "Blues" have waged war against the "Reds" it has been a victory for the "Blues," and Maysville is not going to be an exception.

Father, by buying your son a year's membership for your son over the "Blues" route you may save that son from a miserable life. Suppose you try it.

A "Red" fellow had on an Indian badge yesterday. We thought some of them were kin to the Redmen, judging from the unearthly noise they made.

A committee of "Blues" is going to wait on the Press Committee of the "Reds"—if it can be found—and demand of it to get it authority to wear the blues.

The "Blues" are not discouraged in the least, all reports to the contrary notwithstanding. Indeed, they are more encouraged now than at any time since the contest began.

The silver question has been decided, and now the question is "Why don't you take a membership with the Blues?" This is the most important one before the people of Maysville.

A look at yesterday's standing of the two armies justifies us in saying that the heat of the fight is now on, and if you want to get in the bandwagon and be sure of a seat you had better get a "Blue" application.

Boys, don't allow Cox's Army fool you with any ancient April fool jokes. If they tell you that the "Blues" are looking blue, just tell them that the color of the sky, and it is only a reflection upon your countenance from that beautiful overhead cloud.

The "Reds" have grown discouraged. Yesterday one of them was talking to a "Blue" man, and told him that they (the "Reds") were just keeping five ahead in order that the "Blues" would not get disheartened and throw up the fight. When you hear a fellow talking that way he is on the verge of quitting, and would quit outright if it wasn't for the horse laugh he'd get.

The widow of the late President Roberts of the Pennsylvania Railroad, has given \$5,000 to the Y. M. C. A. Department of the Pennsylvania Railroad system. The money will go toward completing the new building at Harrisburg, Pa. If the President of such a model of railroads as the Pennsylvania is could see enough good in the Y. M. C. A. Department of that system to give it such a sum of money to carry on the work, what becomes of the argument of those in this city who are continually saying the organization is no good! Mr. Roberts certainly saw some good in the Association.

The young men of Maysville will not do anything but their whole duty by donating \$5 to the local Association, and the "Blues" are willing to risk their reputation on a guarantee that all the privileges advertised will be given. Suppose you try it for one year anyhow.

## More Talk

## About Time.

Some people are peculiar in the matter of buying a Watch. A silver Watch is good enough for one man so long as it keeps good time. Another one wants something a little more showy---a gold one---but it, too, must keep good time. Some want a high-priced Watch, others a cheaper one, but after all everybody wants a correct timepiece. We selected our stock with time in view, and can sell you a high, low or medium-priced Watch---and any of them will keep time---the essential point.

We repair Watches so that we can guarantee them to keep time. Charges low.

**BALLENGER, Jeweler**

South Side Second Street.

In the closing day of the contest at Cincinnati the "Blues" shook their sleeves and 140 names accompanied by the cash dropped out. History repeats itself sometimes, and the Maysville "Blues" may be the ones to repeat.

The Woman's Committee will please meet in the Y. M. C. A. Parlor tomorrow afternoon to make arrangements for the reception to be tendered the "Blues" and to get the exact measurements of the "Reds" in order that no time be lost in making their costumes---blue gingham aprons---which they (the "Reds") will wear in serving the "Blues" the night of the banquet.

Colonel H. E. Pogue, President of the Old Eagle Club, had the season's first fish fry yesterday.

Mr. Vincent will deliver his second lecture---Victor Hugo---at the High School Monday evening, April 5th.

The F. H. Traxel Co., successors to the late F. H. Traxel, respectfully solicit a continuance of the public favor. Their card appears in another place.

Portsmouth complains of a flood of counterfeit half dollars, quarters and nickels. Send some of 'em down this way, any old kind of money will be a help.

## "THAT TIRED FEELING!"

Kentucky Pie Hunters Can't Stand Washington Hill Bill's Much Longer.

The Washington correspondent of The Courier-Journal says the Kentucky of fee seekers looked temporarily in that city are getting very tired spending their money at hotels and waiting for developments at Frankfort.

All of them realize that no patronage will be distributed among Kentuckians until matters are settled.

They do not want to go home for fear "something might drop" as soon as they leave and they know that they should be right here when that "drop" comes.

One of them said that he had packed his valise half a dozen times and started out for home, but afterward had concluded that Dr. Hunter or somebody else might be elected, and decided to wait a while longer.

Fully twenty-five are there lounging around the telegraph office and asking for news from Frankfort.

WE'RE FOR AMERICA! AMERICANS!  
THE Ways and Means Committee confirms the statement that an amendment will be offered to put the new Tariff schedules into effect April 15th.

CANADIANS threaten a retaliatory Tariff. They are at liberty to go ahead, but must give up the idea of 5,000,000 Canadians can shape the legislation of this Republic of 70,000,000.

Who shall say that the self-asserting Republicans of the Legislature are not eternally right while the Democrats who are supporting the party nominee are infernally wrong?

HOKE SMITH says the Cleveland Administration will "live in history," and the Terre Haute Express tries to remark that the American people do not care where it lives so it never returns to visit the United States.

CAPTAIN JACK SHEEHAN is announced as a Republican candidate for Jailer of Fayette county. Captain SHEEHAN is a fine printer, was a gallant soldier boy, and is one of the best all-round fellows in Lexington. If they'll let us, JACK, THE LEDGER will come up and give you a boost.

ONE of the esteemed Editors of The Richmond Postgraduate has been over at Frankfort "dizing up" the so-called Republicans who persist in voting against Dr. HUNTER, the canons nominee for United States Senator; and this is his estimate of one of them:

"Senator RICHMOND's past record is best told by HIRSH DAVIS of THE MATHEMATICAL PUBLIC LEDGER, who refused to support him even after his nomination. According to Mr. Davis this is not the first shady transaction RICHMOND has been in. However, it may be said that if Senator RICHMOND was half as wise as he looks, he would put to blush the meanest wisdom of SOLOMON."

THE emphatic declaration of General GRANT in favor of international arbitration is supported by that of nearly every distinguished warrior who has spoken on the subject. General ROSSCRANS, now living in retirement in California at the age of 78, calls "the rainbow of promise the noble inspiration of arbitration in place of war." The strongest opposition to arbitration comes from civilians—who don't know, nor never will know, what real war is. But so it is in nearly every thing—those who oppose are those who are ignorant of the thing they do oppose.

Tax reciprocity feature of the Dingley Bill is creating much attention in and out of Congress and is highly commended by those who have given it careful study. This feature of the McKinley Law was an experiment and was successful, so successful that its scope has been greatly broadened in the new Bill, so that the reciprocity system can be applied to many more articles than was the case under the McKinley Law, and thus reach a larger number of countries and obtain special advantages for a large number of our agricultural products. Congressman HOPKINS of Illinois, who has given the subject very careful attention, is confident that the new measure will prove extremely advantageous to the farmers of this country in this particular.

THE Factory Inspector of Pennsylvania reports that 100,000 more persons are employed in that state now than were at work six months ago. The same rate of increase throughout the country would show at least a million idlers set to work in the same period.

In passing upon some complaints lodged against Democratic Postmasters, First Assistant Postmaster General HEATH has announced that offensive partisanship will not figure so long as it does not interfere with the proper discharge of the duties of an officeholder. Whereupon The Postmaster Tribune is moved to remark that this is a gleam of common sense that every American citizen, who believes that every other American citizen should take an active part in the political affairs of the community in which he lives, will heartily approve. The idea that because a man holds an appointment in some one-horse Postoffice he should be prohibited from taking part in the affairs of the community in which he lives is as preposterous as it is un-American. We are glad to see this part of the Civil Service timoleology, at least, abandoned.

"I have here," said the agent, "a little book that will show you how to be your own lawyer."

"If it would show me how to be some body's else's lawyer," said the man with the black beard that was gray at the roots. "I might buy it. But what is the use for a man to learn how to rob himself?"

As to Women Barberers.  
"I don't see why women should not make good barbers," said the man.

"My dear," he replied, "you have been misled by the humorists. A barber must be able to do more than talk. Then there are other drawbacks—"

"Were you ever shaved by a woman?" he interrupted.

"Partially," he answered.

"Partially? What does that mean by that?" she demanded.

"Well, the hair about half completed the job when a woman in a new gown stopped in front of the shop, and I had to do the rest myself."

# TARIFF BILL

Passes the House By a Vote of 205 to 121.

The Date on Which the New Measure Shall Take Effect is Fixed

WASHINGTON, April 1.—A Clause Added to the Tariff Amendment to the Arbitration Treaty, Mr. Hoar's Amendment to the Treaty Adopted.

WASHINGTON, April 1.—The tariff bill passed the House at 205 to 121, 131 yeas. Present and voting 31. Five Democrats—Broussard, Dorey and Meyer of Louisiana; and Kibberg and Slayden of Texas, voted for the bill. Speaker Reed voted for the bill and applauded.

WASHINGTON, April 1.—The following is the text of the new section to be added to the tariff bill as agreed upon by the republican members of the committee of ways and means fix the date on which the duties in the bill shall take effect. It was introduced by Mr. Grosvener (rep., O.)

Section 27. That all articles mentioned in the several schedules of this act which shall be imported into the United States between the first day of April, 1907, and the date of the passage of this act, and which were not purchased and directed by the owner to be shipped for import into the United States by any citizen thereof prior to April 1, 1907, shall bear the same duties to be charged upon similar articles in this act and such duties as are hereby made a lien on such articles, wherever and in whatever hands found, except in the hands of persons holding them for final consumption and have no purpose to sell or part with the same or any part or product of the same, and except also in the hands of persons shown to have obtained such articles without notice of the provisions of this act; and any person, not such final consumer, without notice obtained an interest on "such article or articles so subject to duty, except as a common carrier or as a warehouseman, shall be liable for the payment of such duties thereon and the same may be recovered with interest and a penalty in any action or suit by the United States against such person, or persons in any district or circuit court thereof. And all persons liable under this act for such duty or any part thereof in respect of any shipment, cargo or lot of goods, wares, articles or articles may be joined in the same action for such recovery without regard to nationality or nature of interests or defenses and such joint or several judgments or decrees may be rendered therein, including such judgment of any such lien as justice or equity may require. In every such case the process of the court in the district where the action or suit is brought and where one defendant resides and is served shall run to and may be served on any defendant in any other district. It is hereby made the duty of the secretary to prescribe and enforce suitable regulations to carry out the provisions of this section, including the retention in the bonded warehouses of the United States, or any other place where such goods are deposited, samples of such goods until required for evidence on any such trial.

WASHINGTON, April 1.—The House, by a vote of 201 to 140, has adopted the amendment to the tariff bill making its duties take effect Wednesday, April 1.

WASHINGTON, April 1.—The amendment of Mr. Hoar to the general treaty of arbitration providing that all questions of national policy, the Monroe doctrine, etc., shall be eliminated from the treaty and all subjects proposed to be submitted to arbitration under the treaty shall be first submitted to the senate and be agreed to by a two-thirds vote of that body, was the first amendment voted on. It was adopted by an overwhelming majority.

The Chilton amendment to the arbitration treaty was laid on the table by a majority of seven votes in the executive session of the senate.

The Chilton amendment to the arbitration treaty added a clause to the first article of the treaty so as to make it read that the United States agreed to submit to arbitration all questions in dispute between the two nations "which the senate might at the time deem fit subjects for such arbitration."

After the routine morning business was disposed of in the senate Mr. Mills (dem., Tex.) offered the following resolution: Resolved, That the committee on foreign relations be instructed to inquire what, if any, obligation the United States has assumed toward the people of Cuba by asserting and maintaining the right to prevent the acquisition of that island by any European power and compelling the people to remain subject to the dominion of Spain, and to report by bill thereon.

The resolution went over until Thursday.

April to Be a Month.  
LONDON, April 1.—Mr. Herbert Gladstone declares that the story recently published here that his father had learned to ride a bicycle is a hoax.
